DEFINITIONS

1. "BellSouth" means BellSouth Telecommunications, Inc., and its subsidiaries, their present and former officers, employees, agents, representatives, directors, and all other persons acting or purporting to act on behalf of BellSouth Telecommunications, Inc.

2. The terms "you" and "your" refer to Company.

3. "Company" means company served in this proceeding and its subsidiaries, their present and former officers, employees, agents, directors, and all other persons acting or purporting to act on behalf of Company.

4. The term "person" means any natural person, corporation, corporate division, partnership, other unincorporated association, trust, government agency, or entity.

5. The term "document" shall have the broadest possible meaning under applicable law. "Document" means every writing or record of every type and description that is in the

possession, custody or control of the Company, including, but not limited to, correspondence, memoranda, drafts, work papers, summaries, stenographic or handwritten notes, studies, publications, books, pamphlets, reports, surveys, minutes or statistical compilations, computer and other electronic records or tapes or printouts, including, but not limited to, electronic mail files; and copies of such writings or records containing any commentary or notation whatsoever that does not appear in the original. The term "document" further includes, by way of illustration and not limitation, schedules, progress schedules, time logs, drawings, computer disks, charts, projections, time tables, summaries of other documents, minutes, surveys, work sheets, drawings, comparisons, evaluations, laboratory and testing reports, telephone call records, personal diaries, calendars, personal notebooks, personal reading files, transcripts, witness statements and indices.

6. The term "referring or relating to" means consisting of, containing, mentioning, suggesting, reflecting, concerning, regarding, summarizing, analyzing, discussing, involving, dealing with, emanating from, directed at, pertaining to in any way, or in any way logically or factually connected or associated with the matter discussed.

7. "And" and "or" as used herein shall be construed both conjunctively and disjunctively and each shall include the other whenever such construction will serve to bring within the scope of these discovery requests any information that would otherwise not be brought within their scope.

8. The singular as used herein shall include the plural, and vice versa, and the masculine gender shall include the feminine and the neuter.

9. "Hot cut" refers to the entire process necessary to physically transfer from one carrier to another a working voice grade access line that remains working after the transfer.

10. “Batch Hot Cut” should be defined consistent with the FCC’s use of that term, unless the Request provides another definition.

11. “Individual Hot Cut” refers to all hot cuts that are not bulk hot cuts.

12. “Business case” refers to any undertaking that analyzes or evaluates, among other things, the business value to be realized, the tangible and intangible benefits, the effect on business processes and people's jobs, the financials, the technology to be applied, and the risks, potential problems and rewards of a particular course of action. It is the process that would be undertaken prior to going into a particular business, or before undertaking a particular course of action in order to determine whether the actions taken would provide a positive business benefit, when balanced against the potential problems that might be incurred.

13. “Access Line” refers to a transmission path between user terminal equipment and a switching center that is used to provide local exchange service.

14. “ILEC” refers to Incumbent Local Exchange Carrier.

15. “DSO” refers to Digital Signal, level zero.

16. “DS1” refers to Digital Signal, level 1.

17. “FCC” refers to the Federal Communications Commission.

18. “Voice-grade equivalent lines” should be defined consistent with the FCC’s use of the term, unless the Request provides another definition.

19. “Churn” refers to the average monthly outward movement of end user customers expressed as a percentage of total end user customers in service.

20. A “qualifying service” is a service as defined in 47 C.F.R. §51.5, as that rule is currently set forth in connection with the FCC’s Triennial Review Order (TRO).

21. A “non-qualifying service” is a service as defined in 47 C.F.R. §51.5, as that rule is currently set forth in connection with the FCC’s Triennial Review Order (TRO).
